

Elevated Decks

Package Options Guide

Thank you for scheduling your site visit with Elevated Decks. This guide outlines our three package tiers and the material options within each. Your project manager will walk through recommendations tailored to your home during your consultation.

Pressure-Treated Decks

Timeless Beauty, Built to Embrace Your Vision

Classic wood decking with warm, natural character. Ideal for homeowners who love the traditional look and feel of real wood.

Composite Decks

Sophisticated Beauty With Effortless Care

Gorgeous composite surfaces that look like real wood with virtually no maintenance. Fade-resistant colors built for decades.

Custom Premium Decks

Luxury Materials, Designed to Inspire

AZEK premium PVC surfaces combining architectural elegance with durability. Virtually maintenance-free.

What's Included in Every Package

- Free on-site consultation and design guidance
- Structural engineering and permitting coordination
- Premium materials selected for Northeast weather
- Licensed, insured professional installation
- Final walkthrough and project completion review
